

Industrial Design 2

Zulassungsprüfung / Application

For the winter semester 2019/2020, the next entrance exam will be at the University of Applied Arts, Vienna at the department ID2, from the 25. Feb - 01. Mar 2019.

Entrance Exam 2019 Special Task

Design your robot companion and bring it as part of your portfolio!

Your proposal should be an interesting interpretation of this topic, looking at the human-machine relationship. We can't wait to see your ideas!

Dates for Portfolio Submission

Please bring your portfolio between 25. - 26. Feb 2019 daily from 10:00 - 14:00. There will be a pre-screening on the basis of the portfolios.

Your portfolio should represent yourself, your talents and the way you think and work. Make a design-specific portfolio that shows the concepts of your projects (maybe you do not have the skills yet to deliver a perfect project but a short text can illustrate the ideas behind it). Less is more: focus on the design-essentials and only show work you are really proud of. Do not exceed A3 format and please attach three dimensional objects only as photographs - do not bring originals. When delivering your work in digital media, please attach a handout.

Process of Entrance Exam

Within the further three days , 27. Feb - 01. Mar 2019 daily from 10:00 - 18:00, candidates will have to work on several different tasks in the field of design: e.g. modeling of a "natural" object, ideation skills in small teams and also a quick design task of an everyday object (hardware and/or software). Additionally, personal interviews will be conducted to determine personal motivation and educational background, cultural and conceptual talents as well as communicational skills. We then will select our future students on the 3rd day.
